**** Liberty County 4-H Mounted Drill Teams ****

Educating the youth by teaching horsemanship, teamwork, communication, and community service

The Liberty County 4-H Fast Drill and Precision Riding Teams are in great need of your support to take our teams to state competition. We need dedicated sponsors like you to help defer the cost of travel and lodging for 4-H members and their horses traveling approximately 850 miles round trip to Abilene, Texas, annually. They also travel to the District 9 4-H Horse Show as well as the United States Equestrian Drill Championship, otherwise known as "Nationals".

In the past years, we have sent two teams representing Liberty County, competing in both the precision riding and themed drills. In 2010 The Rebel Riders won the State Championship in Themed Drill as well as Precision. In fact, they have held the State Championship in either Precision Riding or Themed Drill for the past six years in a row. In 2007, again, they held the Championship title for both drills. They also held the Precision Riding Championship in 2003. The Lone Star Riders took 8th place in Themed Drill Team competition and 4th place in Precision Riding. Until 2010, the Lone Star Riders have never been defeated by a junior team and usually place above at least one senior team.

Our team members perform under the leadership of Drill Masters Tommy Small who is assisted by drillmasters Tammie Turner and Rex Robertson. Liberty County among 18 other counties represents District 9, and our team members span across several of these counties.

Last year the cost to travel to Abilene with 28 riders was almost \$35,000, which paid for costumes for the horses and their rider, hotel stay for 4 nights, entry and stall fees. Our team members hold many fundraisers throughout the year, however, there are not enough funds raised to continue to get them to Abilene without your help.

Remember a community is as strong as you make it. We must help our kids stay on a straight path – they are the future of our nation.

The Liberty County 4-H Mounted Drill Team would greatly appreciate your sponsorship!

If you would like to help support the Liberty County 4-H Mounted Drill Team (a non-profit organization), please make your tax deductible donation checks payable to: LIBERTY COUNTY 4-H MOUNTED DRILL TEAM
